

ASHEVILLE TRANSIT COMMISSION
Meeting Minutes
Police/Fire Training Room-Municipal Building
July 14, 2010 4:30-6:30

Attending:

Commission Members: Dave Erb, Tom Tomlin, Georgia M. Shannon, Kevin Jenkins, Paul Van Heden, Julie Mayfield

Staff: Mariate Echeverry, Janet GeorgeMurr, Edna Johnson, Emmett Fisher

Community members: Tom Herman ofNCDOT, Natalie Murdock, FBRMPO

4:35 p.m.: Introduction of the Transit Commission Members, Staff and public.

Explanation of Public Comment Standards and Opportunities: Julie Mayfield read the Explanation of Public Comment.

Agenda Amendments: Under Old Business: Dave Erb to update on Consolidation Study; Under Staff Updates: Mariate Echeverry to update on Bus Grant Application.

June 9, 2010 Transit Commission Minutes – was reviewed. Georgia S. motioned to approve the minutes with minor changes; Julie M. and Kevin J. second the motion with all TC in favor.

Welcome Public – Introductions and Pre-Meeting Public Comment

- Paul introduced Julie Mayfield as the newest member of the TC Commission and presented Julie with the New Member Packet
- Tom Herman, NCDOT
- Natalie Murdock ofFBRMPO
- Thomas Noyes ofNextBus to give presentation
- Staff and Transit Commission members introduced themselves.

Presentations: Tom Noyes of Nextbus presented Nextbus product. Nextbus uses satellite technology to tell transit users in real-time when their next ride will arrive by GPS satellites; they can count on public transit as the reliable travel choice by using the computer, Smartphone, or by text messages. GPS satellites track location of a bus; bus receives GPS tracking data, which are sent to a wireless communication tower; wireless tower relays the data to a NextBus data center; data center logs the location of the bus and analyzes its speed historical travel pattern and schedule to determine when it will appear at a stop; people access NextBus information via computer, cell phones or electronic signs at some stops to track their routes. Dispatch will be able to see the bus in route in real-time (approximately 8 minute threshold between scheduled times); download reports to include passenger count on and off the bus; access to safety i.e., criminal notices; silent alarm. There was a question and answer session: The GPS equipment for the buses is the size of a paperback book to be mounted on the dashboard of the buses; mobile terminal; silent alarm switch. Pricing was another question and Tom will submit a proposal for informational purposes only.

Paul asked for a discussion among the TC members. Dave E. reminded the commission that they are not a purchasing entity. Julie asked for a proposal from NextBus. Mariate stated that we can ask for a proposal but there is no funding at this time. Julie asked if NextBus has a study that show increase in ridership. Tom Noyes indicated that Chapel Hill would be a great example of improved customer services. Julie made a motion to have a proposal sent by NextBus. Kevin J and Tom T seconded the motion and all in favor.

NEW BUSINESS:

- Paul announced that J Neal will be moving to SC and will be resigning from TC. Once he sells his business he would like to go to law school. J Neal will send a formal announcement. Paul asked for comments from TC.
- Kevin asked who would be presiding the TC meeting if the chair and vice-chairs are absent... Dave E suggested to choose an alternate "on the fly" per meeting. All were in favor of this idea.

OLD BUSINESS:

- **Consolidation Study:** Dave E stated that he and Paul are on the same Consolidated Study Committee that is being fostered by NCDOT. At this stage of the study a report with recommendations to coordinate activities. The report will be presented to the County Commissioners; City Council; Henderson County Commissions for approval. Paul mentioned that TC is looking forward to the final report.

STAFF UPDATES:

- **Black Mountain Route:** Mariate stated that Miriam Perry, Director of NCDOT confirmed that Black Mountain funding is going to the Board of Transportation to be extended to December 31, 2010. Mariate is working with the stakeholders, Land-of-Sky Mountain Mobility and Black Mountain on a RFP for JARC funding with FTA and match with Route 29. Paul mentioned that if NCDOT did not extend the period of performance to December the grant would have ended 8/31/10 and it was formally to end on 7/31/10. Julie asked if this was for Black Mountain service only. Mariate stated that it needs 100% funding. Black Mountain contributes with the route. COA and Buncombe County will be applying for JARC in order to continue service but it will be reduced. Tom T asked if COA is still receiving money from WWC and COA. Mariate answered yes and all funds will be matched.
- **Bus Color Scheme** (see attached): For the new members, Paul reviewed the concept of the Bus Color Scheme proposal. Mariate mentioned that we will have to work "backwards." Julie asked if the old buses would be painted to match the new color scheme. Mariate mentioned that the marketing plan will determine if that is needed. Kevin asked if Art on Transit is possible for the new buses. Mariate mentioned that the Art on Transit was a grant that Parks and Recreation received and if they get more funding it is possible to continue with Art on Transit. Paul made a motion to approve color scheme; Kevin and Tom second the motion and all were in favor.
- **Ridership:** Mariate mentioned in June the ridership was up but still less than last year; not having route 54, we lost many riders due to the changes.
- **Bus Grant Application:** Mariate announced that 1 million 680 thousand dollars from NCDOT to match two earmarks from Heath Shuler for 2 hybrid and 3 diesel. Also received \$400,000 to buy one diesel bus through a grant. Five of the buses were purchased in 2006 and 16 buses purchased in 1996 and the useful life of a bus is 12 years. Tom T. asked about the grant to purchase 5 diesel buses had to be cancelled. Mariate reiterated that FTA did not allow COA to change the length of the bus on the grant from 30 to 35 foot diesel bus; therefore the PO was canceled. Mariate stated that they are working on the specs to bid the buses in house. Kevin asked about the disposal of the old buses. Mariate stated that FTA does not allow keeping the buses; therefore, the buses will be disposed of. Tom T. asked about the RFP for the Marketing Budget. Mariate indicated that RFP is being prepared.
- **Presentation for August: Asheville Homeless Network bus pass proposal.**

MEETING SUMMARY:

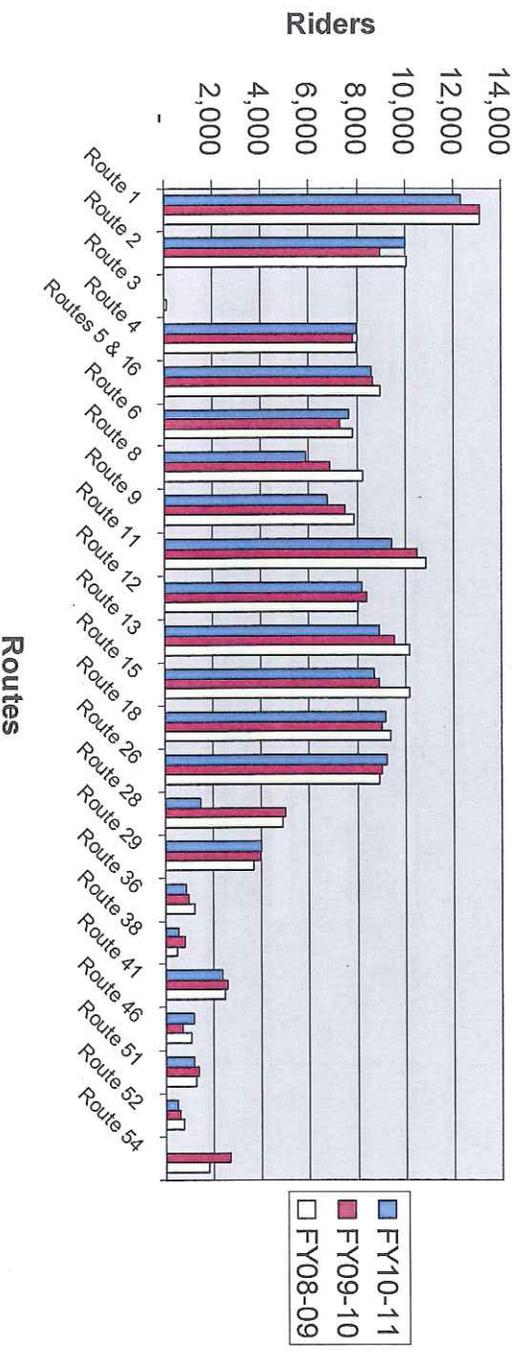

- **Announcements, events, transit commission members' involvement related to transit.**
- **Agenda items for 8/11/10:**
 - Returning to the agenda is the TC experiences on the bus
 - Transit passes for homeless.

Adjourned: 5:50 pm –
